January 16, 2012

Dear Mr. Plumbtree,

Your men came here to the church and did a fine job in replacing the fascia on the front of our building. Pieces have been missing for a long time. We intended to fix it at one of our work days, but no one wanted to climb that high on the rickety ladder we had here. So it remained unfixed and ugly! It was often a matter of conversation. When I sent the email out to our Deacons telling them that it was fixed, one of them humorously responded, "Well what are we going to talk about at our meetings now?!!" Thank you so much for taking care of that for us. Your men were quiet and efficient – I barely knew they were here! The fascia looks great! It looks better now than it did before the wind blew off the old one.

Thank you so much for thinking of us and being a blessing to us. May God richly reward your kindness!

Sincerely – for the congregation the elders and the deacons

Tom Wenger  
Pastor

p.s. Your daughter and her family have been such a blessing to us too. We are really sorry to see them move!
